## From the President's Desk

Dear friends and colleagues,

The year 2015 – 16 brought new hope challenges for CASP and gave us an opportunity to rise above most of them. These challenges came not only from the changing environment for development organisations but also from within ourselves. It has been a steep learning curve for us, but we seem to have stayed ahead and are on top of everything.

The increasing demands for accountability from the development sector have come both from the government system and our donors. Maintaining proper and transparent records is part of our DNA and therefore we genuinely never had any apprehensions on that score. However the demands from donors have made us introspect deeply. Are we staying true to our vision and mission? Do we require to change our internal reporting and monitoring systems? What do we need to do to improve our documentation? These are some of the questions that we are repeatedly asking ourselves. I see this as an ongoing process which will continue as long as the organisation functions.

Apart from this introspection CASP has been harnessing the energies of young people from the SP Jain Institute of Management and Research to improve our organizational competence. The MBA students who interned with us during the year helped us develop a social media, marketing and communications strategy. We look forward to more such opportunities to work with young people who bring a skill set that is immensely useful for us.

This year marked a landmark in the development sector as it was the target date for the Millennium Development Goals that had been set by the United Nations in 2000. Our programming had to a great extent been defined by these MDGs and therefore when the Sustainable Development Goals were announced we at CASP deliberated on them. We have been working on formulating our programme focus areas and strategies on the basis of the agenda set by the international community and will over the period of the current year align ourselves.

On the project implementation front, CASP continued its thrust in the School Water, Sanitation and Hygiene (WASH) space. The programmes being conducted earlier continued and we moved into newer areas. We completed renovation of toilets and drinking water facilities in 20 schools close to Faridabad in Haryana. CASP thus now has a presence in six states.

However education, health, and livelihoods for the underprivileged and marginalized continue to be the major verticals for CASP.

CASP Mumbai unit continued with its vocational training and community development programmes. This year the focus of the programmes was on ensuring that individuals provided with the training were assisted in either finding jobs or establishing their own businesses. This was a new space for CASP to venture into, but I am glad to note that we have made rapid gains in understanding the job market and assisting our trainees.

CASP Pune unit continued with its educational support and WASH programmes. The unit made progress in assisting young people who were not making academic progress in school and assisting them to improve their scholastic abilities. The work of renovating toilets and drinking water facilities continues apace. At the same time the emphasis now moves to ensure that these facilities are used and maintained properly by the schools.

CASP PLAN Delhi unit spread further this year. I have already mentioned the work undertaken in Haryana. In addition the unit also ventured further into WASH by constructing solar powered water purification plants at schools. This is another area where CASP had no previous domain knowledge.

CASP Gujarat Unit's micro credit programme for women has taken off successfully. Several women have been assisted to set up small businesses and it is gratifying to see that providing small amounts of funds can make remarkable differences to the lives of the marginalised.

CASP Delhi Unit continued its work of providing school going children with remedial education and also providing older women with a opportunity to complete their education after a gap. This year saw the unit establish newer centres thus extending support to many more of the underprivileged.

CASP Raigad Unit continued with its venture to ensure that tribal children complete their education. This is a task with multifarious dimensions to it. The progress is slow, as expected, but certain. I look forward to the future developments here.

CASP Pune Rural Unit launched a new programme for ensuring education of women in difficult circumstances. This again is a new foray into ensuring children have reading skills. The unit is developing its capacity in this area and we are sure this will form an important part of our portfolio in the years ahead.

CASP Head Office also began direct implementation of interventions from this year. A Computer Learning Centre was inaugurated on 8 March 2016 at CASP Bhavan to help underprivileged women and girls. This will provide (and young men too) with basic computer knowledge, such that they can move into entry level jobs in retail, banking etc. The trainees will also be provided soft skills training and support to apply for jobs, appear for interviews and negotiate the terms of employment.

CASP's capacity to accept new challenges was once again iterated. The credit for this goes to the dedicated and committed staff who are supported by donors and volunteers who are incredibly supportive. I thank all for this dedication and support.

However what we have achieved so far has barely made a scratch on the fabric of development issues. But then well begun is half done so lets get down to completing the other half as soon as possible. Remember – TOGETHER WE CAN!

**Pramod Kale**

President, CASP

## Shri. R. H. Belavadi Retires From CASP

Appa as he is commonly known or Mr. Ram H Belavadi to give him his official name has been a part of CASP since the pre-conception stage. He studied at Tata Institute of Social Sciences with Dr SD Gokhale, went on to join the Government of Maharashtra at the same time as Dr Gokhale and a close and lasting friendship developed between them. Dr Gokhale used to often refer to himself and Appa as “Ram – Lakshman” a reference to the brothers in the Ramayana .

Dr Gokhale used to turn to Appa for advice on almost all issues. Thus the decision to establish CASP was very much informed by Appa’s advice. It was only in the fitness of things that while Dr Gokhale was the President, Appa was not only a trustee but also at various times he has been the Vice President and Hon Secretary of the organisation. With his personal background in development work Appa was able to give direction to the work of the organisation.

An imposing figure, Appa has always spoken with authority arising from his wide and deep experience. Punctual to a fault he would always be on time for any event, participating with focused attention and asking for clarifications if the speaker began to ramble. He has never suffered fools gladly but at the same time shows enormous amounts of patience and kindness for a junior employee attempting to convey an opinion.

Appa turned 92 this year. Even as his health remains excellent, he now tires easily and hears less. When his tenure as Hon Secretary came to an end in Sept 2016 Appa said that he was no longer able to continue in this position. He therefore requested that he not be continued. We at CASP honour his request with a heavy heart, but are glad that he will continue to guide us well into the future.

- The CASP Governing Council met thrice in FY-15-16 on 11th July 2015, 12th Sept. 2015 & 12th Feb. 2016.
- A rotation policy for the Council exists and is practiced.
- The Governing Council formulates policies and programmes of CASP
- The Council receives considers and approves statements in respect of a) Audited accounts; b) Financial status; c) Investment and disinvestment of funds; d) Budget of CASP
- The Council receives considers and approves the annual and periodic reports on the working of CASP

## CASP - At a Glance

**Community Aid & Sponsorship Programme (CASP)**, a non Government, not-for-profit organization has been working across several states of India for almost four decades. The primary goal of the organisation is to provide underprivileged children with development opportunities.

CASP is governed by a group of eminent professionals from diverse fields, designated as the Governing Council. This body decides policies and guides the organization's workforce.

CASP is committed to engaging with the community in a participatory manner to assess development needs and implement programmes. Through the sponsorship programme the organisation has been successful in reaching out to underprivileged children, their families and the communities where live.

CASP facilitates, and in some cases actually provides, opportunities for children to access education, health, recreation, and later in life, livelihoods. But above all the organisation aims to prepare them to take on the challenges of life and participate in the development of India.

CASP collaborates with individuals and organisations that are willing to make a long term commitment and share our vision of developing self reliant communities where children are able to realise their rights. These include and state governments and several national and international organizations both Non Profits and commercial establishments. Some of these partnerships have been in place for years while others are more recent partnerships. Apart from these organisations CASP is also supported by individuals both in India and abroad who believe in the ability of CASP to change lives and thus provide assistance in their individual capacity. We are grateful for the support from all our individual and organisational partners.

CASP collaborates with individuals and organisations that are the result of long term commitment and a joint vision of self reliant communities. Recently formed too are important as they have opened new avenues. CASP acknowledges the support it receives from individual and organizational sponsors in building relationships across the globe.

CASP implemented a variety of projects in the year 2014-2015 with a view to address locally relevant issues affecting children and their communities at multiple locations. A bouquet of programs for children were implemented including Early Childhood Care and Education, support for mainstream education, health initiatives particularly directed towards reproductive and child health (with a special focus on adolescent health) including HIV/AIDS awareness, increasing opportunities for livelihoods and community development. The programmes for community development focused on sanitation, habitat, access to services and care for the elderly. This year too we continued to focus on the participation of the common man in governance by engaging with the administration on the implementation of government programmes. Livelihood programmes were primarily directed towards women and youth, to ensure social justice and economic and social empowerment.

CASP has been focusing on the participation of children by empowering them and facilitating their inclusion in decision making and the monitoring of programmes. CASP believes that every child must be aware of her/his rights and the means to obtain and defend them. *Bal Panchayats* (Child councils) and *Bal Sabhas* (Children meetings) have been encouraged at every location where the organisation is working. Children are members of these bodies which diagnose community issues and participate in the resolution of the same. The children are personally instrumental in organizing workshops, meeting with decision makers and mobilizing resources. In a true sense this is a children's movement.

CASP has encouraged the participation of the communities not only as recipients of the services it offers, but as equal decision makers in planning, implementation and gradually increasing ownership of the projects. The thrust on encouraging the community, especially women, to form Community Based Organizations (CBOs) in all the locations where CASP works, is an ideal example of the focus on community involvement. Today the volunteer base from the community is the back bone of our programs. It is this partnership with the communities that has helped create a sustainable resource at all our program locations, both present and past.

CASP works through eight Units. Of these, four are in Maharashtra – Mumbai with a sub unit at Nagpur, Raigad District, Pune (Urban), and Pune (Rural). There are also two units in Delhi – CASP Delhi Unit (which also works in Western UP) and CASP Plan Unit and one each in Kerala (in collaboration with the Rajagiri College of Social Sciences), and in Gujarat at Kutch. Each unit has a set of activities which are based on the needs of the local community. Thus the organisation implements multidimensional programmes.

Each unit team is led by a Project manager and advised by a Chairperson. Efforts of all the team members at all locations deserve kudos for their dedication, perseverance and 'let's do it' attitude.

M/s. Jaihind Collection Chinchwad , Pune	M/s. Venus Traders, F.C. Road , Pune

## EARLY CHILDHOOD

## Early Childhood

Child development begins in the womb but a major part of this process is achieved in the first few years of life. At this stage it is important that apart from adequate and complete nutrition the child receives adequate stimulation and care. The concept of stimulation is not well appreciated by parents particularly from the lower socio-economic strata. Due to constraints of time, economic issues and also a lack of knowledge children from underprivileged families do not receive adequate care at this critical period of life. CASP therefore implements programmes to provide children in this age group with necessary support and also provide parents with inputs to help them with their children.

**CASP-Plan** project implements the ECCD programme in Badarpur and Madanpur Khadar of Delhi since 2010. 25 community volunteers work as ECCD communicators to provide parents inputs on the holistic development of the child. More than 1250 families with children below the age of 3 years are beneficiaries of this intervention.

Morning Prayer by the Pre-school Children

Regular meetings are organised with these families where the ECCD communicators discuss various issues related to ECCD. Every communicator also makes monthly home visits to assess the home environment and offers tailor made solutions to families as per their circumstances. In order to sustain the programme well into the future the project encourages parents to avail of the governments services particularly those provided under the ICDS.

Further in order to identify children who are risk of poor development a “Healthy baby show” was organized in the community in May 2015. About 400 families participated in the program and children at risk were identified.

Children of construction workers are especially at risk of poor development outcomes due to inadequate care while their parents work through the day. Due to limited resources parents allow children to move around unsupervised at the site and thus the children also run the risk of injuries. Keeping these children safe is the objective of the unit running 15 crèches in Delhi and NOIDA. These crèches which are located close to various construction sites cater to 498 children (272 girls and 226 boys). Further 105 children who were in the crèches last year and are now more than 6 years old have been enrolled in local schools in Class 1. In addition a health camp was organised for these children where 396 children were assessed for their growth parameters and any other medical issues.

**CASP Delhi unit** with support from AC International Development Fund runs a Balwadi in Madanpur Khadar in South Delhi. These children come from particularly underprivileged backgrounds and are often first generation learners. Here preschool children are socialized and prepared to attend formal schools. This year 40 children (25 boys and 25 girls) were enrolled.

Last year 50 children who were of the appropriate age were admitted to Class I. These children are reported to be doing better in school. They are more confident and able to communicate better than other children.

**CASP Raigad Unit** runs 3 Balwadi's at Gorthan, Vavoshi and Shirki villages in Pen taluka of Raigad District of Maharashtra. Supported by *Enfant Du Monde France* these Anganwadis cater to a total of 90 children in the age group of 3 to 5 years. The new academic year of 3 DCC's started from 7 th June 2015. It took nearly two weeks for the children to settle down and get acquainted with the DCC teachers. The educational aid in the month of July 2015, which consisted of school uniform, school bag, books, stationery, drawing book, crayons, & slate with pencil box etc. This educational aid was distributed in their respective areas at Shirki on 29th July 2015 and at Narangi & Vavoshi on 30th July 2015.

Apart from non formal education the children are also socialized by means of events including Children's Day, Dahi Handi etc. The children were provided school aids in the month of July 2015 and regular meetings with their parents are conducted to assess their progress. The height and weight of the children is also monitored every quarter. The height and weight monitoring of the children is done after every three months. Festivals like Dahi handi, Ganpati and Navratri were celebrated in the day care centers during the period August to October 2015. The children enjoyed Diwali vacations from 7 th November to 25 th November 2015. Children's day was also celebrated in the day care centers in the months of November and December 2015. CASP Raigad unit arranged medical checkup for 90 children during the period January to March 2016 in the respective day care centers. All the children were given Deworming tablets. An excursion for 47 children of Shirki,

Balwadi Excursion at Panoramic Garden Report

Narangi & Gorthan Balwadis was arranged to Panoramic Garden Resort, Kalhe phata Taluka Panvel on 12 th February 2016. The children enjoyed various rides and had a great time.

**CASP Gujarat Unit** - with the support of Bjergby group provided uniforms to 31 children of the ICDS Angwanadi age group of 3 to 5 years. We have also provided blankets in winter with funding support of Morbia Kantilal Somchand. CASP Gujarat is also working with three Angawadi by providing support for additional nutrition, basic infrastructure and training sessions on issues

Anganwadi children wearing new uniform

related to child development. CASP Gujarat has also encouraged the village development committee to support and conduct local

monitoring of ICDS Angawadi in Kaththaddhar, Lakhamsari and Govindpar villages.

**CASP Mumbai Unit** has 31 children of Marol area of Mumbai benefited from the Balwadi being run at Indira Gandhi Mahila Vikas Kendra, Marol, Andheri. The children are provided a good grounding in non formal education by the Balwadi teacher through various teaching aids and playschool methods. The parents of many of these children are not very highly educated and therefore ensuring they continue in education is a major focus of the Balwadi. Fifteen children who

Runs Balwadi at Andheri, Mumbai

attained the age of 5 years last year were admitted to Class 1 in nearby schools.

## EDUCATION

## Education

Education remains the primary focus of CASPs mission. We believe that it is today even more necessary than earlier that all children complete their basic education. A Class 10 certificate is today essential even to obtain a driving license and many entry level jobs now demand a Class 12 education. Therefore one of the objectives of CASP in the years ahead will be to enable children to complete their Class 10.

Sponsorship continues to be the flagship programme of CASP. We define sponsorship as a process by which individuals who desire to provide support to underprivileged children, are put in contact with children, from underprivileged backgrounds who in the absence of such support would not be able to attain a basic essential education. Further child development as we see it goes beyond just education. Sponsored children participate in sports, drama, music, art and other creative endeavours so as to develop well rounded personalities. This programme is implemented by all units of CASP less the Pune rural unit.

### Mumbai Unit

The Mumbai unit of CASP is the oldest and has been implementing this programme since 1977. The Nagpur subunit has also been functioning since 1984 and being a small programme is administered by the Mumbai Unit. The category wise Break-up of cases as on 31st March, 2016 under sponsorship programme was as follows:-

No.	Categories	M	F	Total
1	General	473	982	1455
2	Physically Challenged	65	67	132
3	Mentally Challenged	2	3	5
Grand Total		562	1032	1592

The activities implemented by CASP Mumbai under the sponsorship programme include: -

**Disbursement of Aid** is conducted each year after the needs of each child are assessed. Materials like

Distribution of Educational Material in Mumbai

school uniforms, school bags, umbrellas; stationary materials like compass box, color box, pen, pencil etc were provided to 1025 sponsored children in Mumbai and 91 sponsored children in Nagpur. In addition support for college/school tuition fees and fees for remedial education classes were also provided to 539 children. Coaching class fees was provided to 539 children of CASP Mumbai Unit.

Family Assistance was provided to some families who are very poor and are need of support for basic nutrition. Supplementary nutritious grain was provided to 283 children of CASP Mumbai Unit and 91 children of Nagpur Unit.

### Co-curricular activities

**CASP Mumbai Unit** organized annual get-together programme for sponsored children and their families on 6 th March 2016 at 5.30 p.m.at Chhabildas High School, Mumbai. 250 children

Felicitation Programme - Chief Guest Shri Pramod Morajkar

were felicitated at the hands of Chief Guest Shri Pramod Morajkar, Member of Education Committee, Mumbai Municipal Corporation, Mumbai. The guests appreciated the scholastic performance of the sponsored children. Smt. Sudha Joshi, Vice President, CASP & Chairperson of Mumbai & Raigad Units presided over the function. The sponsored children also performed a programme of song and dance.

### Achievements of Mumbai unit :-

1. 130 children appeared for Class X examination out of which 118 children passed.
2. 137 children appeared for the Class XII exams of which 121 children passed.

### CASP Plan Delhi

**CASP Plan Delhi** which also implements a sponsorship programme which however does not envisage the disbursal of tangible benefits is working on improving the quality of education in government schools in Delhi. The focus of this project is to improve quality of education, children participation, and the formation and strengthening of School Management Committees.

The issues identified that required attention were that despite some very specific interventions, the education system was not able to reach all children and more especially girls. There was also a wide variation in the enrolment of girls between different slum communities in Delhi. Families who have migrated from Bangladesh are not interested /aware of the importance of education. Among the demand related constraints the most important was lack of awareness among parents about the need and importance of education. The supply-side constraints include the absence of an adequate number of functioning schools, lack of proper infrastructure in schools including toilets for girls, and poor quality of teaching. Some teachers are on a contract basis and thus have not received adequate teacher training and in some schools the teacher-student ratio is 1: 70 children.

To raise the enrolment and retention of girls in the schools, CASP-Plan created mass level awareness. The attitude of people towards girl's education is not encouraging. Various awareness generation events like Balika Diwas, community meetings, rallies and street plays were organised. IEC materials including posters, standees etc were designed to address the issue of education of girl

**Awareness Generation Event - Street Plays**

children. As a result this year total 730 drop-out children were readmitted in the formal education system [387 girls and 343 boys.]

CASP-Plan is working with 12 Primary schools of Municipal Corporation of Delhi (MCD), in Madanpur Khadar and Badarpur area which have about 7700 children. An SMC has been formed in every school with 17 members in each SMC. SMC members have been trained on functioning of SMCs, and meaningful participation of all the members in the meetings (involvement in the decision making process). Regular meetings (at least once in two months) with SMC were conducted in the community as well as in schools. The purpose of the meetings was to make the SMC aware of provisions of the RTE act. Subsequently members motivated parents who were not sending their children to school. As a result 370 children were admitted to the schools. A school development plan has also been initiated by the SMCs in all the schools.

**CASP-Plan** has developed children's groups (Sadan) in all the 12 schools. Regular meetings with sadans were organized to develop their Capacity, knowledge of child rights and child protection, and the importance of education. CASP-Plan has also formed peer to peer support groups in each of 12 schools. Two Manch (group of children studying in class 4th and 5th) ie Akash and Asha were formed. Students of the Akash Manch help the students of the Asha Manch with their studies. Forming Manch has developed an atmosphere of friendliness among children and 720 children covered through the manch attend school regularly. Participation of sadan and Manch

children in extracurricular activities was encouraged in various ways. Drawing competitions, quizzes and debates and education exposure visits to different places of Delhi were organised. Story telling sessions were also conducted.

## Delhi Unit

**CASP Delhi unit** is facilitating all age groups for better education. Ensuring enrolment of non school going children is a major effort. However even after being enrolled these children do not always perform well and require support classes and remedial education which is provide by CASP. A bridge school is run to assist women who have dropped out of education. These women are coached to appear for the Class 3, 5, 8 and 10 exams administered by the National Institute of Open Schooling.

**Sponsored children in Group**

An adult literacy program is also being run to assist those women who have never learnt to read or write.

Under the sponsorship programme 740 children were provided educational materials including school uniforms, stationery, school bags, water bottle, lunch box, sweater, jacket etc. Funds to support tuition fees and charges for remedial / support classes were also provided to some children.

Distribution of Blankets by HCL Foundation

HCL Foundation is working for well being and development of the people of Madanpur Khadar. CASP is facilitating at the community level for proper implementation of these programmes. Like previous years, this year also HCL Foundation arranged 500 blankets for the families living in the area.

On 16th January 2016, Saturday; volunteers from the HCL Foundation came to distribute these blankets. The distribution started from the GURUKUL Centers, where 350 students are enrolled for supplementary education,

followed by blankets distributed among the students of Digital Literacy and Bridge School.

People were very happy receiving blankets in this weather; it would be of great help for them in this weather.

The Library and E-learning center at Madanpur Khadar continues to help all the students to access computer & internet. Also text books, reference books, supporting study material are available for the members of CASP Library & E-learning centre. 550 students are member of the center; every day around 100 members are using the facilities from 9.00am to 5.00pm.

## Raigad unit

**CASP Raigad unit** supported 466 sponsored children by providing them with tangible benefits like notebooks, textbooks, school uniform, school bag and stationery. The children were also supported through reimbursement of school/college fees and transportation expenses (from home to school and vice versa). Raigad unit supported 11 meritorious children through the Development fund received from A C International, who are taking higher education in the field of Engineering and post graduate studies. The children were reimbursed college tuition fees, travelling & stationery expenses etc. A study

Distribution of educational material

center is run by Raigad unit at Gorthan for 31 children. Supervisory study classes are arranged through Raigad unit at Kandalepada for 15 children, Apta for 24 children and Irwadi for 18 children.

A Diwali camp was arranged for 100 children in the age group of 12 to 18 years, for 2 days from 17th November to 18th November 2015 at Bapudev Mandir, Savarsai (5 kms from Pen). The objectives of this camp were to identify village level problems and solve them with the help of different available resources. The camp also aimed to provide new

Diwali Camp

exposure to the children to learn new things & increase their general knowledge. Resource persons from Yusuf Meherally center Tara guided the children through activities and games. Sessions on understanding, sorting and nature of the existing village level problems were conducted. Children planned, action for one problem per village, and presented the plan of action through a role play. Street plays on how to solve village level problems were conducted by the children. An essay competition on "CASP from the perspective of the sponsored child" was also conducted. Educational & health related documentary films were shown.

For the sixth year a one day seminar for 100 students of Xth Std was held at Pen on 20th December 2015. The children said these sessions helped them to improve their scholastic performance. Sessions on English, Science, Maths were conducted by experienced teachers. An educational tour for 50 children of Pen, Irwadi,

**Seminar for 10th Std Students**

Kandale, Kandalepada & Amtem to Nehru Planetarium & Musuem, Taraporewala Aquarium was arranged on 24th April 2015.

Annual get together of all the sponsored children and their families was arranged on 12th March 2016 at Rameshwar hall, Pen. Mrs. Ulka Shrikhande Eminent Social worker was the Chief Guest. Smt. Sudha Joshi-Vice President CASP & Chairperson Raigad & Mumbai unit presided over the function. The function was attended by more than 500 sponsored children and their families. 75 children were felicitated by the above dignitaries. The mothers of some sponsored children gave feedback that the felicitation programme has motivated their children to study hard.

### **Kerala - RAJAGIRI outREACH**

The 34 year old association between CASP and Rajagiri outREACH continues to support children in Kerala with the sponsorship programme. During the year the collaboration supported 300 children in Kerala, who are located in Edavanakaad (89 students) and Aaratupuzha (48), while the rest are scattered in different districts of Kerala.

On 28th May 2015, study materials, uniforms, bags and umbrellas were distributed for the forthcoming academic year. As usual the function was graced by officials of local Panchayaths and members of Development committee. The event at Arattupuzha was graced by Adv. Sivankunju, Arattupuzha Panchayath Vice President and at

Edavanakkad, Mr. Joseph, Edavanakkad Co-operative Bank President shared his life experiences with the children.

**Distribution of school material**

Issues like parenting, adolescence behavior problems, child rights, entrepreneurship, family budgeting etc were discussed during the Parents' Meetings which were conducted every 3 months at both places. Parents displayed their enthusiasm for the sponsorship programme by attending the meetings in large numbers. Extracurricular activities, social and leadership skills and personality of the children were the focus of the Children's meetings which were conducted on 2nd Saturdays. In addition the academic performance of the children was also undertaken and the social worker also facilitated review of books read at the children's meetings.

At Arattupuzha Mr.Binu, Arattupuzha Block Panchayath member and at Edavankkad, Mr. Viswambharan, the Member of Grama

**Onam Celebration**

Panchayath Member were the Chief Guest of the Onam celebrations being held on August 22nd .

A medical camp was conducted at Edavanakkad on 9th August with the support of Christhu Jayanthi Hospital, Perumpilly. On October 1st Senior Citizens Day was observed at both centres by honoring the senior citizens by the children. Christmas and New Year celebration were organized in the month of December at each centre with Cultural programmes of students, sharing of Christmas/New Year message etc. New Year greetings were also sent to the sponsors.

In order to maintain a good relationship with the children and families, house visits were conducted regularly. Special efforts were taken to visit all SSLC and Plus Two students appearing for the examination. Through these visits, the family environment could be assessed and supportive services arranged if a need was perceived. School visits were undertaken to assess the performance of the children at school level and also to obtain the participation of the schools and teachers in the programme. Through these visits the performance of each student was assessed and the teacher's perception of areas where the child required support was ascertained. Information about sponsored children who had some issues at home was also shared with teachers in confidence to obtain the support and special attention of the teachers. The social workers conducted at least two house and school visits for each child in the year.

Children in class session of Souhrudam Camp

Souhrudam (friendship) camp is conducted every year to improve the social and personal development of the students between the ages of 6-16 years. It is conducted not only for the sponsored students but also for others in the area. In 2015, the camp theme was 'Science for friendship'. Songs, action songs, skits, mimes, project works, and lectures on the topic etc were the major tools used to inculcate the theme. The camp at Arattupuzha was held from April 25th to 27th and at Edavanakkad from May 7th to 9th.

**CASP Pune** supports 517 children (182 boys and 335 girls) under the programme. Educational aid was disbursed to all the children under the programme after assessing their needs. Children were provided with note books, school bag, drawing material and school stationary. School fees and tuition fees were also paid for sponsored children.

A Science project making activity was organized by CASP Pune Unit in the month of April 2015 for 8th and 9th standard students. Two young people who were sponsored by CASP in earlier years were the resource persons for this activity. Children participated enthusiastically and made various science toys from waste. They taught children scientific reasoning in easy language. They also taught children how to learn through conducting various experiments on their own. The fact that the resource persons were alumni also gave the children a motivation to do well in life.

An educational visit for children to 'Muktangan Exploratory Science Centre' in May 2015 was

Educational visit for children to 'Muktangan Exploratory Science Centre'

organised . 25 children of 7th to 9th std. participated in the ten day workshop. It is beneficial for the students as it has a direct impact on their performance in school. Children gained actual practical knowledge of science. It helped the children to link the knowledge with their syllabus.

Spoken English and basic skills of Grammar' workshop was organized by CASP Pune unit during first week of August for children. Debjani Rane was the resource person for this activity. Total 28

**Workshop of Spoken English and basic skills of Grammar**

children from high school attended the workshop. The children were taught essentials of grammar like nouns, adjectives, essay writing, letter writing, tenses etc. The session helped the children improve their knowledge of English grammar and writing skills. We also provided 'Essential English Grammar Book' to all who attended the above workshop. The number of children attending activity was restricted and so the children could gain more from it.

Some of our sponsored children have performed excellent in 10th, 12th exams as well as in Diploma engineering and Hotel management. Felicitation program was organized on 2nd October 2015 for our meritorious students. One of our respected sponsors Mrs. Uma Gokhale was the chief guest and Mr. Vikram Hundekar also a sponsor was present. They felicitated the children on that occasion. Our ex-sponsored student, who is now a sponsor, also awarded some meritorious children. We felicitated total 28 students (17 girls and 11boys).19 students got more than 80% in 10th

**Felicitation program - Chief Guest of our respected sponsor Mrs. Uma Gokhale**

standard exams, their performance was appreciated by felicitating them with age appropriate gifts. Some of the children performed dances and sang songs. Our chief guest explained the importance of education as well as moral values one can inculcate in their life.

A session on preparation for exams of Standard 10th children was taken by Sayali Pande in the month of December. Sayali gave tips on time schedules and management of syllabus as per priority. Tips were also given on paper writing skills. The children were also given a set of 21 most likely. Forty six children from 10th std were given a set of Most Likely Questionnaire. A session was arranged for parents also to introduce them most likely issues of children at the time of exams. Also they were suggested on healthy food habits to be inculcated throughout the year.

Aptitude Tests and Career Guidance was provided to 40 children in March 2016. Mr Roshan More a Psychologist by profession partnered with CASP Pune Unit and organized a battery of tests for testing the aptitude of the children. Based on the results of the tests children were counseled to select their future academic career.

**CASP Pune unit** organized sports day for sponsored children on 30th January 2016. Two hundred and forty children from general sponsorship project participated in this activity. Children enjoyed playing various games like dodge ball, running, langadi, high jump. All children enjoyed those moments and got prizes and also got participatory gifts. Mr. Raghunath Jadhav

**Sports Day for sponsored children**

(Senior Police Inspector) of Khadak police station was present as a chief guest. He gave motivational speech to children about sports and exercise in daily routine.

Greeting card making activity was organized by CASP Pune Unit in March for our sponsored children. Children made greetings for their

sponsors also which were then sent with their progress reports.

Total 42 children participated for this activity. The resource person taught children greetings and flowers from roll paper. Children enjoyed the activity and learned how to make beautiful greetings and flowers. Being a group activity, children could also learn sharing, working in groups and social behaviour.

The seven remedial educational centers (REC) run by CASP Gujarat at Lakadia, Govindpar, Rapar, Suvai, Govindpar and Khirai continue to provide

support to children to achieve better scholastic levels. 140 children avail of this. A library and sports equipment is available in all RECs and is run by the Bal Panchayat. In order to ensure that children continued to attend school even if there was no senior school in the village CASP provided 15 children and another 15 children were provided bicycles. Also 32 children were provided support to pay their high school and college fees. Thus numerous children who would otherwise not have continued in school continue to obtain support from CASP Gujarat. 400 children studying from Class 2 to college and in professional courses were provided with books, notebooks, stationery materials etc.

**CASP Gujarat** arranged picnic for children age group of 7 to 14 at Amrut Baugh resort at Kharoi and Saidham in Samakhiali. 150 sponsored children participated in this event and also visited science museum and Game Park etc during this event.

**CASP Gujarat** arranged a creativity workshop in the summer vacations where 126 sponsored and 95 non sponsored children participated. During the 4 to 6 days programme in various CASP centers these children learnt arts, drawing, greeting cards making, paper arts, mehendi etc were learnt.

## SPONSORSHIP RELATED PROJECTS

CASP implements numerous projects that are based on the sponsorship model but differ in the fact that the objectives or the funding patterns are tailored to the requirements of the beneficiaries or the donor. These projects are described in this section.

### Nanhi Kali Project

The K.C. Mahindra Education Trust, Mumbai has been implementing the Nanhi Kali project with CASP since 1999-2000 in Mumbai and Delhi. Very young girls are supported under this programme

to complete their education in two categories who receive different amounts of support. Between Class 1 and 5 girls are provided Rs.2,066.70/- and between Class 6 and 10 the girls are provided Rs.2,991.07/- per child as support funds. The main objective of the project is to support the girl children for their education, health and other requisite support.

In **Mumbai CASP** supports 200 Nanhi Kalis from Worli and Girgaon areas of Mumbai. Of these 89 are studying in Classes 1 to 5 and 111 are studying classes 6 to 10. While in Delhi 100 Nanhi Kalis are all from the Madanpur Khadar resettlement colony where 52 are studying in Classes 1 to 5 and 48 are studying classes 6 to 10.

During the period under report, 400 Nanhi Kali's were supported for education and health. All Nanhi Kali's are continuing their education and 31 kali's (23 in Mumbai and 9 in Delhi) completed 10th std. education.

### **Educational support project for marginalized girls**

CASP is implementing a Give India supported project for 100 marginalized girls residing in the slums of Worli in Mumbai since 2011-12. The goal of the project is to ensure that the girls achieve the fullest extent of their potential. 75 of these girls are studying in VIII to XII Std and 25 girls are in college. Educational support in the form of funds for coaching/tuition class fees is provided to 75 girl children who are in school / junior college and funds for college fees is provide to the 25 girls in college. Supplementary nutrition in the form of grains was provided to the 100 girl children/families in the month of March 2016. CASP also organized medical checkups for all the girls as in past years serious but treatable issues had been identified.

First medical check up was organized at Saibaba Mandir, Worli through Dr. Varsha Bothra on 24th April 2015 and 26th June 2015 and second general health check up camp organized on 9th October 2015 and 26th October 2015 .

As compared to previous years Dental and ENT problems have been reduced, whereas, eye, skin and malnourishment among girl children have increased. Pathological tests were then conducted with support from SRL Diagnostic Center, Dadar in which 92 girl children participated. 29 girls were found to be anaemic and were then provided treatment. Five Parent's meetings were organized to motivate the parents and create awareness about education of girl children. Two home visits were paid to each girl's house and individual counselling and motivation was provided. One school visit was paid to each girl's school to know about the scholastic performance and other curricular activities of girl children. Career guidance sessions were provided through group meetings. Counselling session for higher education was conducted with girls and their parents separately. Girls were motivated & counsel to choose their career paths as per their interest and performance in various fields. These girl children have continued their education. The girls who were taking higher education, they continued their studies in the respective faculty smoothly as the financial assistance have given relief to their parents to reduce their financial burden.

### **Long term Sponsorship programme**

This project supported by Give India proposes to support 68 girl children living in Bhandup area currently studying in 8th Std. These girls will be supported till they complete their class 12. This project has only just begun and so far we have just identified the beneficiaries and are working with them.

### **Integrated Child Development through Sponsorship Programme – Supported by Whirlpool India Pvt Ltd, Pune**

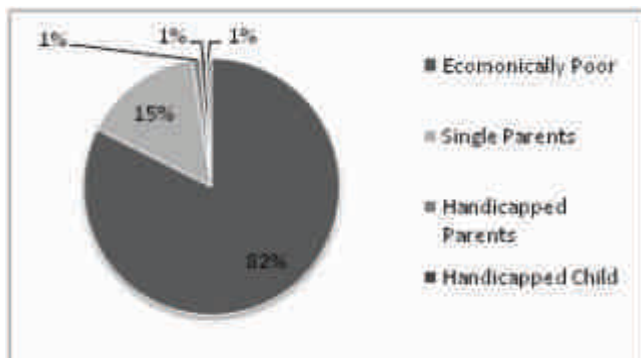

**CASP Pune Unit** is implemented this project in the villages of Ranjangaon, Dhoksangvi and Karegaon in Shirur Taluka located near the Ranjangaon Industrial Area. A total of 300 children (132 boys and 168 girls) from under privileged families are supported under this programme. The objective is

to ensure all children complete their basic education. The project was launched in Oct 2014 and children with dire need for educational support were identified. A distribution of the total sample on project is depicted below.

A pie chart showing distribution of population under the project

Craft, storytelling, drawing, and science related activities, were arranged for children under the project as children from lower socio-economic strata do not have the opportunities which children from affluent families have. Also for the children to be interactive and cohesive few co-curricular activities were planned. Fun activities like craft, drawing, reading and fun games were conducted for children. Children not only enjoyed these but it also helped boost their imagination, test creativity and increase their level of concentration and patience.

Science Activity

Children were felicitated in September 2015 for good academic performance by giving them educational gifts (Solar Energy based games). This kind of activity encourages them to performing well in their further academic year.

Our sponsored children are from 7th to 10th Std an age in which children go through physical as well as psychological changes. Children at this age have many unanswered questions and harbour numerous myths. A training session on adolescence was conducted in the month of Feb, July, Aug & Oct 2015 separately for boys & girls to give them an opportunity to clarify their doubts. This session included topics like body imaging, physical and emotional changes, menstrual cycle, reproductive system and personal hygiene.

Training Session for adolescent children

In order to maintain and improve the health of children sessions on Nutrition were organized for parents of our sponsored children from Mangalmurti Vidyadham School Ranjangaon, D.N. Tithe Vidyalay Karegaon & A.B Pachange Vidyalay Dhoksangavi. It concentrated on cooking styles, various stages of cooking foods, and need of nutritious food. Feedback was given by parents that this kind of session should be arranged more frequently so that they can also get proper guidance to take care of the health of their children and the family. Few achievements of the project are as follows.

- The sponsorship and other support enabled these children to continue their basic education and gave them a ray of hope for

their higher education. The co-curricular activities under the program had a positive impact on their overall development.

- In spite of there being substantial migration in the area, we have been successfully able to retain 278 children who took admission in further classes in different schools situated at a distance of 3-4 kms from the community
- A random analysis of attendance shows that children have been more regular to school as our community workers were counseling children. They earlier used to go to the canal for a swim or to play cards or cricket with the big boys in the community without their parent's knowledge.
- The teachers also noted that children are motivated to come to school.
- Close to 50 children scored 'A' grade in more than 3 subjects. These children were felicitated and given a token of appreciation in the second week of September 2015 to motivate performance
- A comparative analysis of 116 children who were followed for both checkups showed an improvement in HB count of 57% children after giving iron tablets.

### Sponsorship and Development Project - Supported by Yardi Software under CASP Pune Unit

In **CASP Pune Unit** the primary goal of the project was to support 200 children from underprivileged families in Pune city (100 children from the Janta Vasahat, Tilak Road and 100 children from Mhada Colony, Birajdar Nagar and Gosavi Vasti, Hadapsar) to ensure overall development of the children. These areas have a large number of families with irregular income and low levels of literacy among parents. The children do not receive guidance and financial assistance from their parents. School material was given to all the children and fees and school dress were provided to needy children after need assessment.

A science workshop was taken by Mr. Ashok Rupner showed children very easy scientific experiments which we can do by using material

Science Workshop

we use in our day to day life. The experiments were based on Air pressure, Generator, magnet, magnetic field, magnetic levitation, static electricity and Newton's laws of motion. The experiment material was provided to all the children. Children made 5 experiments on their own.

Concern India foundation had organized a sports competition for under privileged children in January 2016. Our project's 24 children from Janata Vasahat, Pune participated in various games (Running 100 mtr, 200 mtr, 400 meter, Sack

Sports Day organized by Concern India Foundation

Race, Three legged race and Relay etc ). Pooja Ramoshi secured 3rd rank in 400 meter running race and won a medal and certificate.

Awareness program on Nutrition and Diet for parents and children of sponsorship program was conducted at Hadapsar and Janata Vasahat. The session was conducted by Mrs. Neha Ghanekar. She gave lots of information on development of

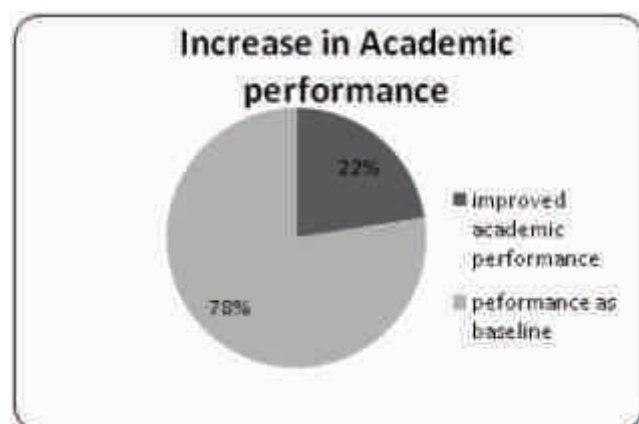

Awareness Program on Nutrition & Diet

children, nutritional diet for them and some easy nutritional recipes. There was a positive feedback from parents and children. Achievements of the project are as follows.

- The sponsorship and other support enabled these children to continue their basic education.
- The co-curricular activities under the program had a positive impact on their overall development.
- A random analysis of attendance shows that children have been more regular to school.
- Two children who were not able to read, write and calculate and showing disinterest in studies are now able to read, write and calculate because of the class's teacher Mrs. Chaya Gosavi.
- The teachers also commented that children are motivated to come to school as we are providing necessary help in regard to education.

A pie chart showing increase in academic performance of children after giving sponsorship

## NORMA School WASH Project-Implementing partner Plan India

**CASP Pune** Unit is implementing this project since October 2014. The project focuses on improved Water, Sanitation and Hygiene (WASH) facilities in 50 schools in and around Pune. The project also covers a component of soft skills on WASH facilities and usage in children. It aims at creating

Upgradation

age-appropriate, gender sensitive and disabled-friendly WASH facilities in schools. The project envisages replication of its model in other schools in the district by the local government. Under this project, we have envisaged to rework the existing toilet blocks into child friendly WASH facilities in schools. The schools do have toilets, but they are not in use for various reasons. They are not user friendly, not age appropriate; do not have provision for children with disabilities and adolescent girls. The project also covers a component of soft skills on WASH facilities and usage in children. Sessions are taken in all 50 schools and upgradation is done in 25 schools.

In order to gain support from teachers, and to help teachers understand what would be taught in the software component of the project, the team arranged a half day orientation meeting with all stakeholders in the school. Syllabus for WASH trainings was also shared with the teachers and principals. Also a WASH kit or WASH hamper consisting of all the basic WASH materials required by the school was distributed in schools to celebrate World Toilet day. Drawing Competitions to mark World Water Day (22nd March) was held on 11th March in Pune.

Distribution of WASH Kit

A detailed orientation for SMC members was organized by the team. This orientation focused on the importance of WASH. All the software and hardware activities were undertaken in the respective schools. Children's Clubs were formed and are now active in 46 schools. Topics covered under soft skills sessions were clean water, keeping environment clean and personal hygiene, safe sanitation & Menstrual Hygiene Management.

Wall painting - To increased awareness on Hygiene &amp; Incinerators

Wall paintings were created in schools to increased awareness on hygiene and incinerators were provided to few schools.

We conducted 2 meetings of child clubs with Government officials. One meeting was arranged for PMC schools with Mr. Madan Wahval, Supervisor Dept. of secondary and technical education, PMC and second meeting for schools under Zilla Parishad with Mr. Dhanaji Mondhave, Center Head of Z.P. Maval block.

Government Officials Meeting

**CASP Delhi** has been supporting two Safai Mitra who undertake door to door garbage collection for around 500 families. These families are charged a nominal amount which is available to the mitras who also earn from the project by segregating and selling recyclable materials. The project has inspired numerous other individuals who have seen this income opportunity and will soon be commencing similar garbage collection facilities elsewhere in Madanpur Khadar.

Watson Awareness

Community Meeting

**CASP Gujarat** has been providing support to schools of the project area with the view to enhance the quality of education. In order to understand the needs of the schools a Chintan Shibir (workshop) was sponsored by CASP for 9 schools of Lakadia cluster in three stages. In response to the suggestions CASP provides daily regional newspapers in the 19 schools of project area. Children have developed a reading habit, keep abreast with current affairs and enhance their general knowledge. We also are providing

Chitnan Shibir at Lakadia Group Primary school

Safari and Mangal Mandir magazine to 6 schools. CASP Gujarat has also supported National Service Schemes unit of MKB Gada High school at Lakadia for the camp at Chitrod village.

With the support from Mr Ivan Dalgaard and Tipsmidler fund the school in Badaragadh has been provided a blackboard, display board, newspaper stand, Internet dongle etc. Government Primary school of Khirai has similarly been provided with Black boards, display board and other material and the Government Girls

Newspaper stand provided to School under School Support project by Tipsmidler & Mr Ivan Dalgaard

Music Instruments provided to School under School Support project by Tipsmidler & Mr Ivan Dalgaard

school Rapar town has been provided music instruments.

Lack of a functional toilet can be a very important reason for girls not attending school. It came to notice that some of the primary school have toilets but due to lack of soak pit they are not in functional state. Also water supply is inadequate. Therefore three schools of Badargadh, Govindpar and Rapar (Trikamsaheb Nagar) were taken up for repairs. The soak pits were dug, water lines installed and wash basins provided.

**CASP Gujarat** has provided small computer lab to Government Primary School, Lakhamsari from the Tipsmidler (Denmark) funds. The salary for a computer teacher has also been provided. 74 children of age 10 to 13 participated in the computer learning. These children can now operate the Window 7 operating system, and use simple programmes. Among them 12 children went on to complete advance course of MS office and Gujarati typing. We have noticed that children enjoy coming to school and their performance in other subjects has also now improved.

Praveshotsav – The State Government organises the “Praveshotsav”- School Enrollment Programmes in primary schools across the state. The aim is to ensure that each child age of 5 or more enrolls in school. Like previous years CASP Gujarat unit supported this programme in 4 villages primary schools - Lakhamsari, Govindpar, Khirai, vasatava and Momaivandh. In these villages 60 children enrolled in standard 1 in the five schools.

## SPECIAL PROJECTS

## Special Projects

### Working Children

**CASP continued its interventions with working children in Madapur Khadar, Sangam Vihar and Khanpur areas of Delhi this year too. The focus of this programme is to improve their health and educational attainments and assist them to stop working.**

These children who are engaged in rag picking are from migrant families from the North East of the country. The younger children sort out the material collected for further sale to the contractors while older children participate in the rag picking themselves. The issues we work on are to provide parents with a sense of the importance of education, assisting them with their education which is in Hindi which is not the family language and integrating them with the mainstream.

**CASP-Plan** continues running 5 Knowledge Enhancement Centres (KEC) in the program area. These centres prepare children for formal education and assist in admissions to Govt. school. Remedial education is also provided to children who are now enrolled to assist them keep up with their classes. 330 children attended the KECs in the year and 96 children were admitted to Govt. schools.

Numerous sports, literary and cultural activities were organised to encourage the children to interact with children from other communities. This participation is important as the children are not well integrated and tend to be marginalized in school. The programmes provided the children with a means to develop their confidence and interpersonal skills.

The Parents Advisory Groups that had been formed earlier continued to function well. Parents come together to understand children's issues. This also provides a forum for the adults to develop a sense of community and work together.

### Special Children

**CASP projects for differently abled children aim to assist these special children to attain the fullest extent of their genetic potential. This is despite the restrictions placed by their being physically, or mentally challenged.**

Children attending Gyan Jyoti Kendra

The Muskan project, being implemented by CASP Plan Delhi aims to enable children who are mentally or physically challenged and also socially deprived CASP-Plan is implementing this project in Sangam Vihar, Madanpur Khadar and Badarpur with the key goal of "inclusion." CASP aims to ensure that special children are able to join mainstream schools (as guaranteed by the Right to Education). This year 10 girls and 19 boys were admitted in Govt. Schools.

**CASP-Plan** is running 5 Gyan Jyoti Kendras (GJK) for these special children (3 in Sangam Vihar and 1 each in Badarpur and Madanpur Khadar) with the purpose of mainstreaming children. A total of 159 special children (86 boys and 73 girls) attend these centres. There are 9 children with orthopedic handicaps, 78 who are mentally challenged, 9 are visually impaired, 27 are hearing impaired, 21 have cerebral palsy while 14 have multiple disabilities.

Mainstreaming or the process of having these children admitted to regular government schools

**Volunteer helping the child to wear gaiter**

is a years long process. Children have to be provided supportive therapy and education according to their special needs. This is provided by CASP through its GJK. The project staff also works with parents and counsels them about their child conditions and how it is possible for the child to be mainstreamed. 29 Children (19 Male & 10 Female) were mainstreamed in reporting period.

Various hospitals in Delhi (including Pandit Madan Mohan Malviya Hospital , National Institute for Mentally Handicapped, R.M.L Hospital and G.B. Pant Hospital, provide assistance in assessment of special children and issuing disability certificates and Rail concession certificate. These provide children with access to disability pension under the Disability Act and the facility of free travelling in Indian Railway with escort. The project has intensively networked with agencies such as NIMH, NIHH, Amar Jyoti Charitable Trust, and National Association for Blind, Blind Relief Association, Govt. schools and various other organizations.

The numbers of children who were assisted in obtaining various entitlements from the Govt. is as follows: -

Type of certificate	Boys	Girls	Total
Disability Certificate	47	22	69
Rail Concession Certificate	20	9	29
Disability Pension	16	12	28
Bus Pass	11	9	20
Appliances from other organisations	14	11	25

During the next year we aim to ensure that all children enrolled in the GJKs will receive their entitlements and so will any other children who are newly enrolled.

**CASP Mumbai Unit** runs a special sponsorship programme for physically and mentally challenged children of employees of the Mumbai Port Trust. Three children are supported under this programme where the children are provided with additional assistance for continuing their children's education as well as medical treatment. The staff of CASP provided motivation, counseling and guidance to the parents as well as sponsored children. These were provided by means of both home visits and school engagements. During the period under report, educational and medical

**Distribution of Hearing Aid cells**

**Distribution of Hearing Aid cells by Sumeet Foundation**

assistance has been provided to the 3 sponsored children and they have been facilitated to apply for various entitlements from the Govt. and from other NGOs.

Sumeet Foundation which is managed by a former Trustee and Hon. Treasurer of CASP Shri SR Mehta continued to work with CASP for special children. In the year the foundation provided assistance to children who were challenged and marginalized by providing them with hearing aid cells, scholarships.

### Children of Jail Inmates

**CASP Delhi** continued its support for children of inmates of Tihar Jail. 118 children (54 boys and 82 girls) continue to be supported with funds provided by TdH Denmark (67 children) and KC Mahindra Education Trust (51 children). The children range from Class I to class 12 and are provided with support till they complete school or their parents were released from jail.

All children are provided school uniform, shoes & socks, books, note- books, pencil box & other stationary items required for proper schooling. In case they face financial constraints school fees are also reimbursed. Families who require it are also provided legal assistance and nutritional support.

The children are also provided with opportunities for entertainment and learning. They participated in a creativity workshop last summer where they learned how to make paper flowers, design jewelry and work with clay. The children and their families were also taken for a picnic to the Delhi zoo where they were able to see animals they only hear and read about.

**CASP Pune Unit** supported by Yardi Software implemented the Ensuring Education Continues project. 50 children from under privileged families of Janata Vasahat who were identified as weak in studies and unlikely to pass their Class X exams by the school teachers are the beneficiaries. CASP took this up as a challenge and has commenced an intervention with them since Dec 2014. Special tuition classes are arranged for these children to help them with their weak subjects. Home visits are conducted to understand the issues within the family and help them to resolve them. Parents and children's meetings are arranged to motivate the children and parents to help the child to complete his/her basic education. Quarterly parents meetings are arranged for the parents of children under Ensuring Education continues project in Janata Vasahat.

Seven children were identified as having major problems in reading and writing. They underwent learning disability and IQ assessment in Morris Trust and later also at Sassoon hospital for Government Board certification. This certificate ensures that children are provided with concessions while appearing for the board exams. Three girls were certified to have learning disability and have got a certificate. Next year they will appear for the board exams where they will be provided facilities like – Reader, Writer and Extra time and allowed to use a calculator.

## HEALTH

## Health

Health is a determinant of the quality of life and productivity as also the growth and development of a child. In the last year CASP continued its focus on health as a focus area for our programmes. Since CASP follows the life cycle approach all age groups from children in the womb (pregnant mothers) to senior citizens.

**CASP Mumbai Unit** implements programmes to enhance the health of beneficiaries in Powai, Jogeshwari and Madh Island parts of the city. This project is focussed on creating awareness of health issues and increasing the uptake of services either from the public or the private sector. The project provides services to more than 12,000 people in Filterpada, Powai, to more than 17,000 people along the Jogeshwari Vikhroli Link Road and almost a thousand on Madh Island.

CASP also employs 19 Community Health Workers who provide services to 500 families each. By means of household visits and also group meetings they provide information to women and young mothers on issues related to pregnancy, child care and services that are available from the government. The community workers also provide treatment for minor illnesses using the basic treatment kit provided to them.

The L&T Health Centre Health conducts regular check up camps to screen individuals for illnesses, anemia and malnutrition. Individuals who require further treatment are referred to the L&T Health

Regular Health Checkup

Regular Health Checkup

Centre for further treatment. Weekly clinics by a gynaecologist and a paediatrician are also run at Filterpada and at Jogeshwari where treatment is made available free of cost.

**CASP Mumbai Unit** organised general health camps and pathological tests for 168 marginalized girl children for Worli and Bhandup projects and also 155 Sr. Citizens of four centres which help them to know the health status and maintain their normal health.

**CASP-Plan Delhi** implemented the “Optimal Health” project in Madanpur Khadar and Badarpur focusing on maternal and child health. 25 community health workers identified pregnant women and encouraged them to deliver their babies in institutions. During the reporting period 780 deliveries were reported by the CHWs out of which 520 were institutional deliveries. As compared to last year institutional deliveries have increased by 10%.

Awareness sessions on immunization, nutrition, birth preparedness, antenatal check-ups and high risk pregnancies were also regularly conducted. 1260 mothers attended the sessions. 40 women having high risk symptoms were referred to the Primary Health Centre. Linkages have been established with ICDS Anganwadi workers and the Primary Health Centre to increase uptake of child and mother’s health services. Total 1113 children were immunized through the

support of 25 Community Health Workers.

A TB clinic is run in collaboration with Dr. Lala Ram Saroop hospital where 52 patients were registered and 14 patients completed their treatment.

Mobile health camp (SwasthyaMela) was organized in collaboration with AWC & PHC. The camp was focus on child health issues like diarrhoea, malnutrition, ARI, immunization etc. Total 2000 mothers have participated in the camp.

6 mother support groups having 60 members have been established in the community who are disseminating the information on immunization and nutrition in the ICDS Centres.

**CASP Pune Rural Unit** implemented the Prevention of Parent to Child transmission of HIV Project (PPTCT) project which entered its final and consolidation phase during the year. This project

Prevention of Parent to Child transmission of HIV Project

was being implemented since May 2010 in 12 blocks of Pune District less the urban area has shown impressive increases in uptake of HIV testing services. More than 35,000 women were motivated and accepted testing during pregnancy. More than 4000 spouses were also tested.

In addition 136 PLHIV were assisted to obtain benefits of the Sanjay Gandhi Niradhar Yojana under which a PLHIV gets Rs 900 per month as pension from the Government. 15 Children / adults living with HIV were also linked up with FPA-Family Planning Association, Pune to receive monthly nutrition.

Support Group Meet

Under CABA Project, 500 children of school going age received monthly nutrition throughout the year.

**CASP Delhi** has been providing preventive and curative services to the residents of MadanpurKhadar. Towards prevention the unit organised six health camps to create awareness about diseases that are prevalent in the area. More than 1,500 people attended these camps and received information about Tuberculosis, Water-borne diseases (like Typhoid fever, Cholera

Nutrition Camp

and Hepatitis A), Vector-borne diseases (malaria and dengue), Diabetes, Malnutrition and Family Planning. Dental care checkup and treatment camp was also organised.

Myopia is a common cause of poor scholastic performance and cataract remains the most common cause of preventable blindness in India. Camps were conducted with assistance from the RP Centre for Ophthalmic Sciences the apex eye care institution in the country. Almost 3,000

Cancer awareness

individuals attended these camps where 86 people received cataract care. 57 children of school going age and another 745 people who were older were prescribed spectacles at these camps which were free of cost.

**CASP Raigad Unit** conducted a series of health check up camps. 341 children from Pen, Apte, Kandalepada, Urnoli, Amtem, Narangi, Gorthan, Kandale, Shirki and Irwadi were medically checked

up by doctors in Pen between January 2016 and March 2016. De-worming tablets were given to the children.

**CASP Gujarat** undertook various health activities in the year. Government of Gujarat has been providing 2 lakh insurance for the people who are below poverty line and family whose income is below 1.80 lakh per annum thorough MA (Mukhya Mantri Amrutam Card). During the year CASP has spread awareness in project area also facilitated 50 families to get this card. With coordination of Block Health Office we arranged camp for MA card in Lakadia and 28 cards were provided to the beneficiaries in a day.

With the aim to help children take care of hygiene, CASP Gujarat has distributed 140 hygiene kits to sponsored children

## ADOLESCENTS

## Adolescents

Adolescents are currently the most important demographic in the country. More than 25 % of the population of India is currently less than 25 years of age and if we are able to utilise the skills, energies and abilities of this huge number of people who are about to enter the work force we would be able to expand our economy many times over. CASP too is seized of this imperative and has been working with adolescents for many years now. This age group is particularly vulnerable and requires programmes specially designed to address their concerns.

**CASP Plan Delhi** continued to implement the “Safer Cities for Girls” project. Under this project the communities are involved in identifying areas

Safer Cities Campaign

where girls and even young boys feel unsafe and help them identify safe spaces. The project also aims to bring these issues to the notice of the duty bearers. This advocacy has resulted in increased awareness and greater initiative on the part of all sections of society.

**CASP Gujarat** organises a “Under 14 years cricket tournament” for students of the seven schools in and around Lakadia. The tournament is organised for both boys and also for girls. This is a unique initiative that initially faced a lot of doubts from the community. But today this has become a regular feature for CASP. 135 players of 9 teams

Under 17 Cricket Tournament for Girls at Lakadia MKB Gada Hlghschool

participated in this event which received tremendous support from community leaders, Gram Panchayat and officers from the education dept. Lakhamsari Primary School won the trophy of the girl’s tournament while Government Boys Primary School won the boys under 14 cricket tournament winning trophy.

**CASP Gujarat** organised a one day workshop with adolescent girls with resource persons from Shaishav Bhavanagar. 82 Girls participated in this workshop which discussed Gender, Physical and

Adolescent Education session 82 girls participated in it.

mental changes during adolescence, physical abuse, menstruation & personal hygiene, and self defense. Sessions with mothers of the girls in 4 villages were also organised to help them interact with their daughters. Issues related to adolescence, traditional and cultural beliefs about

menstruation and child safety and gender. 102 women participated in these sessions.

**CASP Pune Rural Unit** organised Sessions for adolescents on sexual and reproductive issues. Total 13,915 adolescents were sensitized through these sessions.

Life skill programme for adolescents in CABA project

Adolescent Awareness Session

**CASP Mumbai Unit** Organised awareness programme for Adolescents at MADH PROJECT

We had organized health education programme for Adolescent girls and boys through expertise resource person on 24/10/2015 in which 32 Adolescent girls and 34 Adolescents boys were participated. We have covered the following topics through resource persons which are as follows :-

- Adolescents changes
- Menstruation
- Masturbation
- Virginity
- Conception
- Mother & Child health
- Family Planning methods
- Abortion
- Infertility
- (RTI/STI/STDS) (HIV/AIDS)
- Sexual Abuse
- Homosexuality/Heterosexuality

The objective of this programme was to assist them for developing life skills that will equip them for safe responsible sexual lives and parenthood.

The resource person had took an interactive session on the above mentioned topics.

## SENIOR CITIZENS

## Senior Citizens

CASP recognizes seniors as a valuable asset within communities and families as they provide children with a sense of belonging and stability. This is particularly so where mothers are working and it is the grandparents who primarily care for the children. CASP also recognises seniors as change agents who can bring about major changes especially in a society like ours where seniors are treated with due respect.

Seniors particularly those in poor communities tend to suffer from poor self esteem and see themselves as a hindrance. They do not find place for themselves in their homes and tend to be in poor physical and mental health. In order to mitigate their situation CASP runs Senior Citizens Centres with the following objectives: -

- 1) To maintain health of elderly people
- 2) To provide psychological support to elderly people
- 3) To engage the elderly with current developments

Health Checkup Camp for Sr. Citizens

### DAY CARE CENTRES FOR ELDERLY PEOPLE

CASP Mumbai Unit runs four Day Care Centers for elderly people with support from Bombay Community Public Trust; Give India and JL Thompson Ltd. These are located at

- Sai Baba Temple Hall, Near Golphadevi Temple, Worli Koliwada, Mumbai where 40

seniors are enrolled.

- Ram Mandir Hall, Fisher Men colony, Mahim, Mumbai, for 55 elderly people.
- Indira Gandhi Mahila Vikas Kendra, Marol Pipe Line, J.B.Nagar, Andheri for 35 elderly people
- Gaondevi, Filterpada Mumbai for 40 elderly people

These centres have regular schedules where seniors participate in activities like Yoga, indoor games, music, etc. The facilitators read news paper articles and moderate discussions on issues like safe drinking water, nutrition in old age, and seniors are encouraged to share stories that they recollect. Seniors were also taken for a day picnic to give them time away from their routine. As a result of these events the seniors report improved mobility and an improved sense of well being.

JL Thompson and Co had invited seniors for a Diwali event with their staff on 6th November 2015. This was a special event where the staff of the company dressed in all their finery and played games with the seniors. The seniors came away with a sense of being wanted and appreciated.

A general health check-up and pathological check-up of all elderly peoples was organized twice during the year. Seniors requiring further health interventions were identified and assisted in accessing the same.

Health Checkup Camp for Sr. Citizens

## COMMUNITY DEVELOPMENT

## Community Development

**CASP continued its focus on Water, Environmental Sanitation and Hygiene (WASH) and Water and Environmental Sanitation (WES) during the year.**

**CASP Mumbai** continued with its emphasis on Water and Environmental Sanitation (WES) during the year. Clean communities have been a recurring theme to ensure that children and entire communities have a clean and safe environment. Clean house and clean community competitions continue to be organised in Madh and JVLR as part of the LTPCT supported Sarvodaya project.

Cleanliness Drive organized at JVLR

Cleanliness Drive organized at JVLR

**CASP Delhi** had supported two safai mitra to undertake door to door garbage collection. These individuals are now independent of CASP and run the process as a business. Two other safai mitra have now been employed in a different part of

Khadar in an attempt to encourage more families to also avail of this service.

Cleanliness Drive by the volunteers

**CASP Pune** has been implementing the NORMA WASH project in fifty schools across the city and rural areas around. Under the project CASP has completed repairs and renovation of washrooms in twenty five schools and also installed

Incinerators to destroy sanitary napkin

Children's Club

incinerators to destroy sanitary napkins in some schools. Childrens clubs are now functional in all schools to involve the children in maintenance of drinking water and washroom facilities.

**CASP Plan Delhi** expanded its reach to Haryana during the year by renovating toilets and other facilities in 20 schools near Faridabad. This project is also being complimented with initiatives to involve the school children in hand washing and other events.

Work of digging of borewell at Kaththaddhar area of Rapar

**CASP Gujarat** – assisted the people of Kaththaddhar (a backward area of Rapar town whose 52 household do not have any water supply from the Nagar Palika or any other source). A borewell was dug and provided to the hamlet with funds from Mr. Ivan Dalsgaard of TdH Denmark. A team of scientists from ISRO conducted a ground water survey from satellite maps. A 218 feet deep borewell was dug and a motor pump fitted. This has been placed in the hamlet school. The water is

Escorts representative during visit

now being used for washing and cleaning. We have since noted a remarkable difference in the personal hygiene as also improved attendance in school.

The unit also three Village Development Committee to provide increased interaction with the community and to enhance sustainability. The VDC in Lakhamsari hamlet VDC is active and has been advocating with the government for an Anganwadi and better infrastructure in the village. In Kaththaddhar area the VDC is responsible for the distribution of water from the borewell dug by

Inauguration of borewell by Dr Agrawal

CASP. In Govindpar the VDC is advocating for the road to be improved.

Due to lack of awareness, information and lengthy documentation process the poor do not get the advantage of Government schemes. CASP Gujarat assisted people as given

Particular	Nos of Beneficiary
MA ( Mukhyamantri Amrutam Card )	78
Ration card (support for addition of new members)	19
Income Certificate	10
Toilet subsidy ( Under Swachchh Bharat)	118
Shram Yogi Card	165

## LIVELIHOODS

Visit us at [www.caspindia.org](http://www.caspindia.org)

## Livelihoods

**CASP** has been implementing numerous programmes for ensuring livelihoods for people in the communities where we work. This is done with the objective of increasing disposable incomes with families which result in increased discretionary spending for children. As a result children get improved nutrition, enjoy better health, have higher educational attainments and thus brighter future prospects.

**CASP Mumbai** commenced implementing vocational training programmes in Mumbai in 2009 with support from L&T Public Charitable Trust at Marol Andheri. This process has now grown and LTPCT is supporting CASP run

Tailoring Classes runs at JVLR

vocational training centres in four locations – Mumbai Central, Marol (Andheri), Filterpada (Powai) and Majaswadi (Jogeshwari). Tailoring courses are run at all centres and an advanced tailoring course is also run at Marol and Filterpada centres where women learn to stitch fancy dresses with flounces, embroidery etc. A beautician course is run at all centres less Majaswadi. A computer basics course is also run at the Mumbai Central and Marol centres where both boys and girls attend. The numbers of young people trained over the year are as follows: -

At Bhandup a tailoring centre supported by Shri Kumaramangalam Birla continues to provide tailoring training to women. During the year 208 women were trained at the centre. These individuals are earning an average of Rs 3000 to 4000.

**CASP Nagpur** sub unit also conducted vocational training course in beautician, supported by the family of Late Shri Purushottam Kale. During the year, 45 women were trained at the centre. These individuals are earning an average of Rs. 3500/- to 4000/- till date.

Across all Locations					
Trade	Trained during 2015 - 16	Employed till date		Average Income (In Rs)

**CASP Raigad unit** is running Vocational training center for women and girls in tailoring at Pen. During the year 108 women and girls undertook

Training in basic tailoring for Women

training in basic tailoring. Out of these, 70 women have started small businesses at home. These women report earning upto Rs. 500- Rs. 700 per month approx. which is an important additional income for their families. The women are also able to save money by stitching their own clothes at home.

The unit also runs Computer classes for children

Runs Computer classes for children

from November 2015. During the period 19 children successfully completed the basic Computer course MS-Office. These vocational centers are funded by Shri. Kumarmangalam Birla.

**CASP Delhi** has supported 28 Self Help Groups (SHG) since the last 6 years where more than 412 members participate. They are depositing their money into a saving scheme, which are deposited in the bank. Below table is explaining the five year's inter loaning transition and savings of the groups:-

In the last year NAI PAHAL SHGs also began making small items for festive occasions. These included small oil lamps, savoury eatables, Holi festival colors, table mats, paper bags, jewellery, envelope

NAI PAHAL SHGs stall

and files. CASP has marketed these products in campus of multinational companies, local markets and at the individual level. The unit is now looking to organize trainings and develop marketing option.

Resource Centre of the Delhi Government provides vocational training in Beauty Culture and Cutting and Tailoring. A total of 223 women were trained during the year 2015-16.

**CASP Plan Delhi** has been providing support to ensuring livelihoods by diverse means. During the year the unit provided vocational training to 65 girls and 33 boys living in Badarpur area in Customer relations Sales through EMPOWER, a training institute. Of these 32 girls and 29 boys have got jobs in various malls and they are earning between Rs.8000 and Rs. 10000/ per month.

Under the Healthy Future for Slum Dweller the unit has also developed a scalable business model in which distribution points providing water filtering and conserving technologies to residents at an affordable and competitive price. A group of 18 women have been identified for training in marketing and entrepreneurship during the year. The process will be taken forward in the next year.

The unit has also trained 102 youth (54 boys and 47 girls) as part of the Saksham Project. These young people are now earning between Rs 5,800 and Rs 16,500 per month

### Vocational Training (Tailoring Training)

**CASP Gujarat** is running vocational training center at Lakadia and also run 6 months course in Rapar and Khirai village. 62 women learnt tailoring training this year.

Shantiben started her business after success of tailoring work

**VAMASVA:** Mr. Ivan Dalsgaard – TdH Denmark has provided funds for establishing a revolving fund to assist women establish small businesses. CASP Gujarat provided interest free loan to 12 women ranging from Rs, 3000 to 10000 for initiation of new business or development of existing work. We have noticed remarkable outcome from this interest free loan support in terms of financial and living condition and approach for education.

**CASP Pune Rural unit** implements the SAKSHAM initiative, which aims to redefine and enhance livelihood opportunities for victims of commercial

Jayshri Khute started her business from RLF

sexual exploitation and trafficking (VOCSET) and women affected by AIDS (WAA). This project is funded by Axis Bank Foundation through Plan India and aims at reaching out to up to 5000 beneficiaries in Pune District of Maharashtra State and provide them with sustainable livelihood opportunities. The project forms livelihoods groups of women living in the same area who are organized into joint liability groups (JLGs) of 5-8 members. They are then be assisted in identifying opportunities for livelihood promotion, provided group counseling, aptitude building, monitoring and follow up support. This project will ensure that the children of beneficiaries will have access to adequate nutrition and school education. This in turn will result in prevention of second generation trafficking and HIV. The project is ongoing since May 2012 in 10 blocks of Pune District. Linkages

have been built with government officials and non- government organisations and advocacy meetings conducted with medical officers, elected members of local self government bodies and various formal and non formal institutions working at the block & district level.

In the year under review, 169 groups were formed and assistance given to 920 beneficiaries in the form of Revolving Loan Fund. The groups in turn have passed on the assistance @ Rs 4500/- per beneficiary.

**CASP – Rajagiri Outreach Kerala** - Rajagiri College of Social Sciences OUTReach (the collaboration with CASP) initiated two units of income generating programmes at Edavanakkad and Arattupuzha. This was implemented with support from TdH Denmark, and Self Help Groups at both these sites. They will soon start lending activities for the members. Both the groups started fish processing. As monsoon is coming they expect a good market for dried fish and pickle.

## Sponsor Visits

Mr. Ajay Talreja is our sponsor. He gives sponsorship to 20 children. He always comes to CASP Pune Unit with his family to meet their 20 sponsored children. This time Mrs. Talreja visited CASP Pune Unit on 13/02/2016. Mrs. Talreja meets 18 sponsored children and she also talked with their parents. She discussed financial and health related problems of the families. She also gave guidance to her sponsored children about studies, hobbies and their career. Mrs. Talreja and all sponsored children felt great to meet each other.

Mrs. Talreja and sponsored children

On 4th January 2016 sponsor Mr. Nitin Naik (Life member of CASP) visited the children sponsored by Mr. Nitin Naik & his friends at various places i.e. Shiv Bendse, Shirki, Kandale, Irwadi & Pen. The staff of Raigad unit was present with Mr. Naik and HO officials during their visits to different areas. Mr Naik explained his views & guided the children to take education so that they will become self reliant. At the same time he asked them not to forget their parents and give good care and love to the parents when they will become self reliant.

Mr. Nitin Naik with his sponsored children

## Success Stories

### **Vivek Baghban Sharma**

*Vivek lives in Pratapnagar area of Jogeswari (E) in Mumbai. After completion of his 12th grade he could not get a suitable job for himself to support his family. Vivek got to know about the Electrical wireman course being provided by CASP (Supported by L&TPCT) from the health worker of his area and realized that this could add a lot of value to his profile. Vivek enrolled in the course and completed three months training from March 2016 to May 2016.*

*After completing the course Vivek was placed with Bose & Co. in Andheri and now earns Rs. 8000/- per month. He says “this training not only helped me to get a job but also acquire knowledge and develop myself-confidence.”*

### **Avinash Bharat Alte**

*Avinash Alte lives in Damunagar area of Borivili, Mumbai. He has completed 11th grade and was working with Mahindra Company as a laborer. Few months back due to a fire accident Avinash and his family lost their house and he also had to leave his job at Mahindra. Avinash then enrolled in the wireman course. After completion of the course, Avinash was given a job at Bose & Co. in Andheri and now earns Rs. 8000/- per month. He now financially supports his family and has started reconstruction of his house.*

### **Seema Lalman Mishra**

*Seema Mishra lives in Pratapnagar area of Jogeswari (E) Mumbai. Few years back she and her family shifted to Mumbai in search of better livelihood options. Her husband worked as a security guard in a factory near Jogeswari. Two years back he suddenly died in an accident and Seema and her family were left helpless as her husband was the only bread earner. She then took admission in the basic tailoring course. Seema completed the course successfully after three months and now works as a tailor. She earns around Rs 8,000-10,000 per month and leads a very happy and healthy life with her son.*

## **Sobha Sunil Dharmadhikar**

*Sobha Dharmadhikari was a housewife living with her husband and three daughters in Jogeswari(E). As her daughters were growing up, her household expenses were increasing and she was looking for ways of increasing the household income. Sobha took admission in the food processing course beng run at Majaswadi Mumbai by CASP (supported by LTPCT). Sobha is now a cooking teacher and also puts up food stalls and takes orders for big events. She earns around Rs. 7,000-8,000 per month. She says, 'I have not only learned to make new dishes but the course has boosted my confidence. Now I am able to stand amongst people and talk. I am able to provide my daughters a healthy environment for their growth. I owe all of this to CASP and L&TPCT.'*

## **Supriya Santosh Parab**

*Supriya Parab lives in Meghwadi area of Jogeswari (E) Mumbai. Her family used to live on the single income of her husband which was not sufficient. She thus, started to look for livelihood options wanted to put up her own food stall in her locality. Therefore, she enrolled in the food processing course. After completion of the course she has set up a stall in Sarvodaya Nagar, Jogeswari (E), where she sells varieties of spices, chutneys and other items. She earns around Rs. 8,000-10,000 per month.*

*Supriya says," All that I am able to do today is because of the insights provided by my trainer and people of CASP. My trainer helped me in all possible ways and also boosted my self confidence. I would like to thank CASP and L&TPCT for running such courses for the needy people."*

## **Janhavi - Joy Sowers Belgium**

*Janhavi is sponsored by Joy Sower's, Belgium since 2006. At that time she was studying in Class 8 in Chandrakant Patkar Vidyalay at Dombivali. Her father was working as an accountant in a private office and earned Rs. 1800/- per month while her mother was a house wife. The family stayed in a rented house. In her own words -*

*"Respected Sir/Maam,*

*My name is Janhavi Rajan Vaidya, member of CASP since 8th standard. I completed my Bachelors in Accounting & Finance in the year. Through campus interview, I got selected for an Learn & Earn programme of 3 years in Wipro Ltd., Bangalore. My job profile being HR, the company also provides a PGDM in the same field from Symbiosis University. I have received help from your institution since 8th standard till my graduation regarding all my educational essentials, financially or otherwise. I am forever grateful for all the help and support you have offered. I appreciate your efforts, and I offer my sincere thanks to you.*

*Also, best wishes for your future endeavors. Keep up the good work!*

*Yours faithfully,*

*Janhavi R. Vaidya."*

## **Deepali Vasant Rao Bhiogade - AC**

Deepali is 23 years old girl who used to be sponsored by A.C. Meritorious Child Support, Denmark. At that time she was studying in Second year B Tech Civil engineering at V.J.T.I. She had passed 10th Standard with 92.61% and she had passed standard 12th Science with 72.83% marks. Today she has completed her degree and now she is working with the Municipal Corporation of Greater Mumbai as a Junior Engineer and earns Rs.4.8 lakhs per annum.

Deepali's father expired in the year 2008. Her mother still works as a farm labour and earns approximately Rs.4000/- to 5,000/- per month. Both Deepali and her mother support her younger brother Akshay who is yet to complete his education.

## **Dhadam Shankar Bhima - AC**

Shankar is under sponsorship programme since 2012, when he was 21 years old and was studying for his B Tech from VJTI Mumbai. His father Bhima was a farmer and earned Rs.3000/- per month while his mother Saraswati was a housewife. His elder brother Dattaram was working in a hotel and earned Rs.3500/- per month.

Today Shankar is 24 years old and works as a quality engineer at Karwar, Karnataka where he earns Rs.20000/- per month.

## **Amisha Anil Gawade**

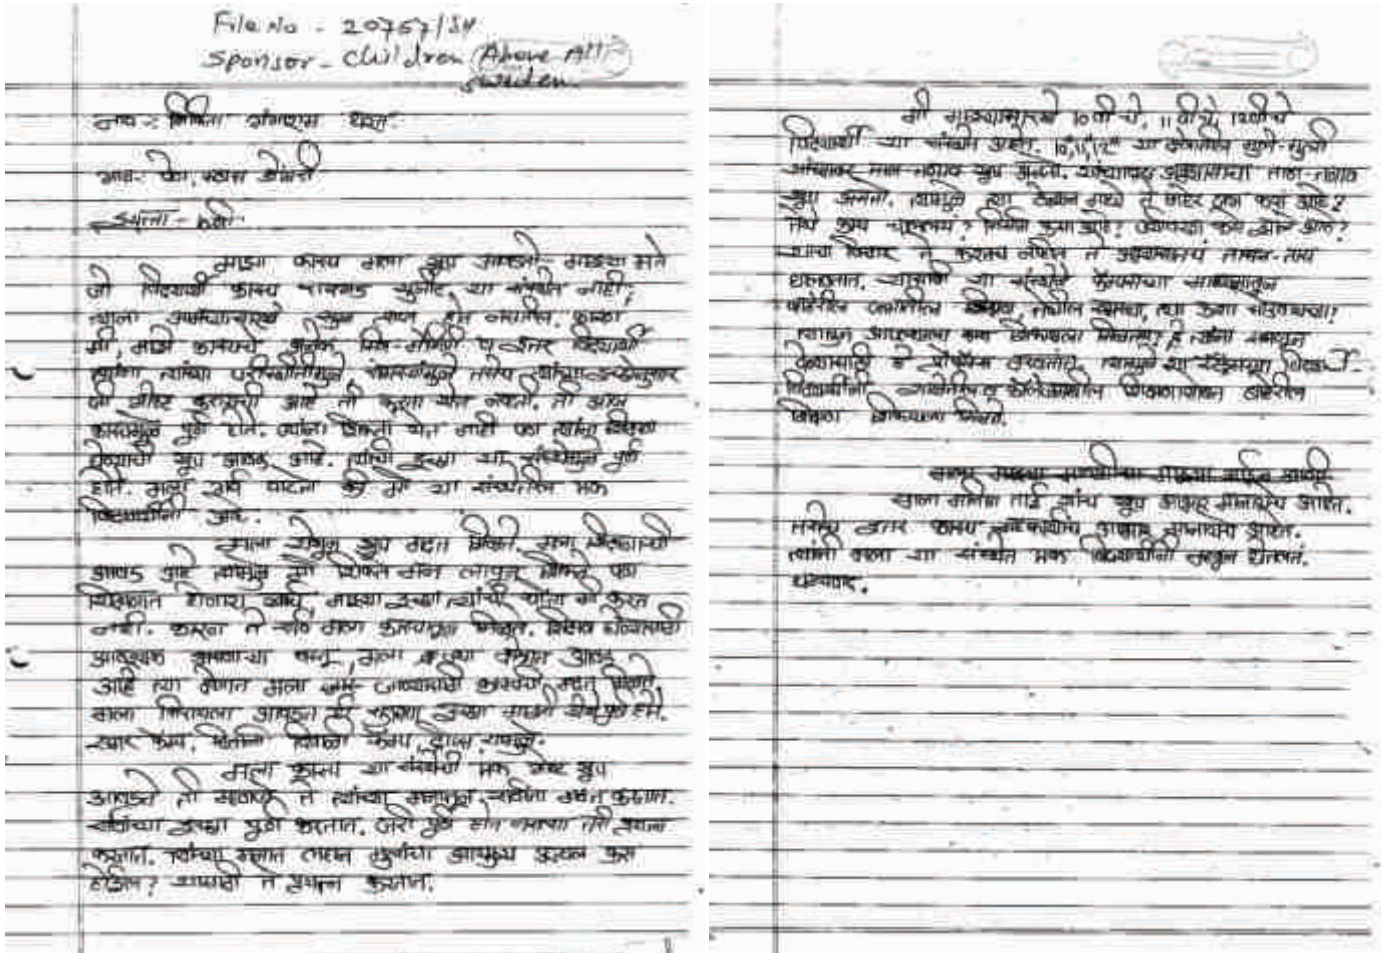

**Sponsor : Children above all Sweden**

Amisha Anil Gawade, sponsored by Children Above All, Sweden passed with flying colours in the Maharashtra State Board March 2016 10th Std exam securing 92.80%. Amisha's mother was much overwhelmed by her success. Amisha lost her father nine years ago when Amisha was 6 years old. Her mother and Amisha stayed at Koshimbale after her father's death at her maternal grandparents house. Amisha's mother helps her parents to run a small grocery shop. The financial condition of Amisha's grandparents is not very sound. Amisha worked hard with the support of CASP to obtain good marks in her SSC exams.

According to Amisha, "I have attended the seminar organised by CASP Raigad unit for 10th std students which has helped to a great extent. The Development Promoter of CASP, Kiran dada always motivated me to study hard".

Spontaneous views of the children who participated in the Diwali camp organised by CASP Raigad

Translation of the letter written by Nikita-20757/SH sponsored by Children above all Sweden

I consider myself quite fortunate for being selected for CASP sponsorship. Due to the poor economic background of myself and my friends supported by CASP, there were limitations to pursue our dreams. I feel very much proud that due to CASP support, we have got an opportunity to complete our education in the best possible manner.

I am very much interested in studying. I am able to do so due to the support of CASP. In addition to this, CASP also provides an opportunity for us to participate in various personality development camps, excursion etc.

I would like to mention one thing that CASP wholeheartedly strives hard to fulfil the dreams of their children.

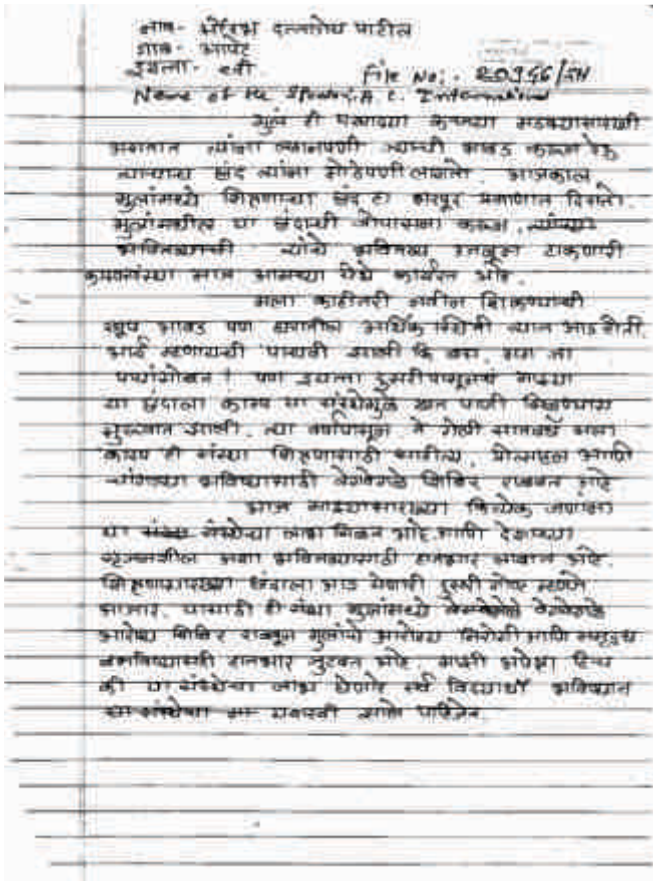

Children like me studying in 10th std and onwards are always busy worrying about their studies. This tension does not allow them to think about things other than studies. CASP comes as a helping hand to these children by organising diwali and summer camps where in children come in close contact with nature and outside world.

I thank my CASP development promoter, Manisha tai and other staff for their support and guidance.

## Saurabh D Patil

Sponsor - A C International Child Support, Denmark

Children are like raw earthen pots in early age. Their personality moulds as we inculcate different good habits in them. Nowadays the children are taking more interest in education. This is happening due to the presence of organisations like CASP who are working for the betterment of rural children.

I was eager to take education. CASP's support has helped me to take education from 2nd standard right upto present 9th standard for the last seven years. I have not only received educational assistance from CASP but also received good exposure and encouragement to participate in the various activities conducted by CASP.

CASP provides assistance to many other children like me to continue our education. All the children look forward for better prospects in the future with the help of CASP. CASP also takes care of the health issues of the children by organising medical checkup camps and awareness camps. I wish that all the children supported through CASP should be successful in the future.

## Ashwini Ambu Mhatre

Sponsor : Children above all Sweden

Ashwini Ambu Mhatre, sponsored by Sea Micro Inc. Team successfully completed her diploma in Computer Engineering by securing 72% marks in her exams. Ashwini owes this credit to CASP. According to Ashwini, "My father is the sole earning member to support his family of four children. Therefore the financial condition of my parents was not sound to continue my education. CASP supported me to pursue my dream of becoming Diploma Engineer. CASP's support lessened my parents financial burden to some extent and this helped me to continue the education of myself and my siblings".

**Consent Letter**  
 I, the undersigned hereby declare that I have passed the examination of standard 10th. I am first girl who cleared this examination of standard 10th at first attempt. I will continue schooling of standard 11th. I am the first girl who passed this examination at first try due to support of CASP sponsorship. So I have no objection if my photo will publish in annual report of CASP. So we have No Objection for publishment of my photo with my grandmother Saraben in annual report of CASP.  
 Yours  
 Kumbhar Hanifa Sathikbhai  
 s/d Guardian  
 RHT of Sarabaen Daudbhai

*I am connected with CASP when I was studying in standard 3rd. I got all the supported for my education and schooling from CASP and that is the reason my parents have given permission for my education. I have studied in my hamlet Lakhamsari Primary school till standard 8th. Then my parents were disagree for my further education in highschool because it is 2 Km away from my hamlet. Then social workers from CASP has visited my home and convinced my parents and family members for my education. They tried to understand them that there is no girl from this hamlet who has completed the schooling till standard 10th and it will be matter of proud if your girl achieve this milestone of completing standard 10th. Finally, my parents have given permission to me and enrolled me in Lakadia Girls High school.*

*All the required educational support, items, stationary and school fees was provided by CASP.*

*I have started to attend highschool in standard 9th in nearby village Lakadia and then pressure of community came on my parents. Community leaders said that 'In muslim community girls should not be allowed for higher education'. My parents also came in to this pressure several times but due to constant visit and counseling from CASP social worker to my father and grand parents I succeed to continue my schooling. Once they have stated that there is way to Lakadia high school is not safe so we will not send me to school so CASP has provided bicycle for school transportation. This bicycle helped me lot and thus I can reach school on time and saved my time and above all it helped to convince my family members for my education.*

#### **CASP's role in my education and life:-**

*If I am not sponsored child of CASP, I might leave study after primary education. It was no chance to get education after 8th but CASP has supported me and convinced my parents for my higher education. After standard 9th when my family denied for high schooling CASP has provided me bicycle and convince again my father and grandparents for permission for Highschool education.*

*If CASP has not helped me, I might not study in standard 10th. CASP has taken my all the responsibility of education and also provided all the support for my education and encouraged me for that. This brought lots of change in my life. I have recently passed examination of standard 10th with 55. 60% and this is only because of support of sponsorship from CASP. In our Muslim community girls are not allowed for education after standard 5th or 6th in this situation CASP has taken all the responsibilities of my education and encouraged me for education and today I am first girl in my hamlet who passed this examination till standard 10th with first attempt. I am proud for this but this all credit goes to my sponsor who helped me for me higher education. I hope that CASP will do the same work for other girls thus they also can get opportunity for education. If my parents give permission I will study in standard 11th. I am also like to join to tailoring training. There is lots of changes in my life due to help and support from CASP.*

*I will Thank Again to my sponsor CASP and I will never forget the help for my education that I could completed the examination of standard 10th.*

**Kumbhar Hanifa Sadhikbhai**

**Below is a Translation of letter written from Hanifa( File No. 50255/SH )**

**Below Letter from Shantiben Solanki resident of Rapar**

Dear Sir,

I am Shantiben Deepakbhai Solanki residing at Rapar. I have received Rs. 5000/- as loan without interest. I am so happy that I get this opportunity of learning work from CASP. I have started work and repaid all the amount of loan. I have expand my tailoring work by purchasing an automatic sewing machine and cloths. I have been earning Rs. 200 per day which is double what I used to earn earlier. I have also saved Rs. 8000 during the year. Now I can manage expense of my family. I am thankful to you that because of you I am confident that I can do something on my own.

I am now requesting you to sanction me another loan of Rs. 10000/- . With this I will sell small rugs and cloth in my home and earn some more money. I have to purchase cloths and some other items for this.

I am also thankful to the sponsor of my daughter Pooja who is supporting my child through CASP sponsorship. Thank you so much for all the support and help you have been providing for me.

Yours Faithfully

Shantiben Solanki

**HCLT Bridge School in Delhi**

Firoza is a woman who has been abandoned by her husband. She had dropped out of education after Class 5 and thus could not get a good job. earlier studied till class 5th had been abandoned by her husband . She then joined the CASP-HCLT Bridge school and completed her Class 8 despite financial and family pressures. She is now working as a driver and earns a respectable income for her family.

Mamta had to drop out of education just before her Class 10 exams in 2010 as her family relocated to Madanpur Khadar. Even later due to financial issues she could not appear for her exams. After a gap of three years, Mamta joined the CASP-HCLT Bridge School. With one year of studies she successfully passed the 10th board exams. This achievement gave her the confidence to go further. She enrolled for the Class12 board exams from NIOS and also decided to take nursing training in Aastha Medical. During the training period her work was noticed and immediately after completing training period she was appointed as a Nurse in the same Medical Center .She has since also completed her Class 12th exam.

Simran dropped out of school after she suffered Typhoid. Nobody in her family gave any importance to her education and she too didn't take any initiative. After her marriage her husband motivated her to resume studying. She enrolled in the CASP-HCLT Bridge school and with the constant motivation from her husband and encouragement from her teacher she now wants to complete her graduation after completing her schooling. She wishes to provide coaching classes to other children in the future.

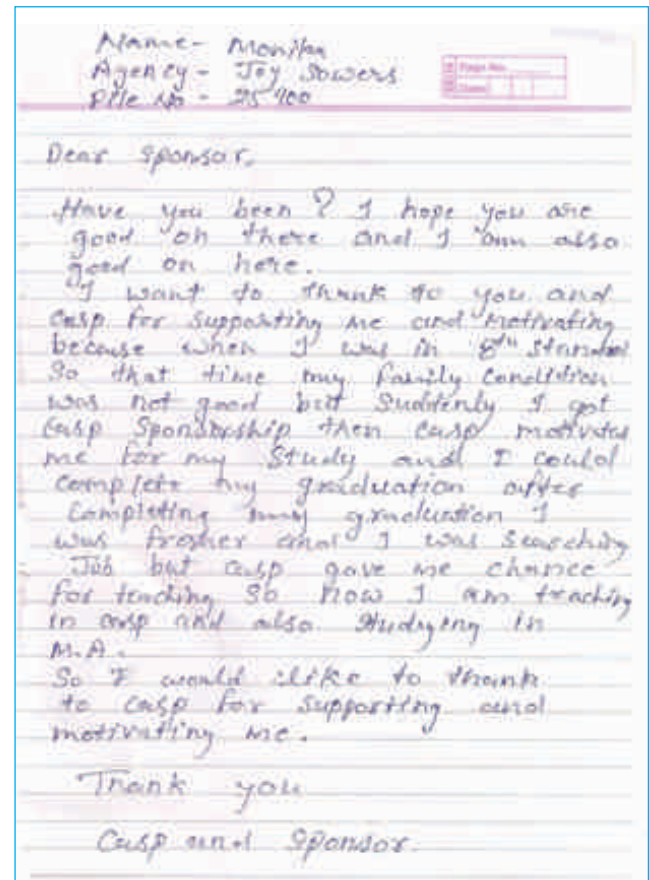

## Success Story of Monika 25900/Joy Sowers

Monika is 21 year old resident of Madanpur Khadar and has been associated with CASP-Delhi Unit since the time she was studying in the 8th standard. At the time of enrollment her family's financial position was not good. Her father did not have a fixed job. Her mother used to be a housewife. Due to her father's irregular income her family had to face a lot of financial constraints. They lived in a one room rented house. Despite all odds her parents and Monika herself were keen to get educated.

In spite of facing so many financial constraints throughout her childhood Monika focused on her education and managed to complete her graduation in Arts last year. Inspired by her own struggles she decided to teach underprivileged

children from her own community. She joined CASP as an educator in January 2016 and is working with CASP ever since. She has been teaching children of class 6th, 8th & 12th. Her parents are happy that their daughter has joined such a noble profession has become self dependent.

"I would like to thank CASP Delhi Unit for not only supporting my school education but also helping me complete my graduation. Their constant support motivated me to achieve my goals. I would like to thank them for the regular guidance I got from them".

Today, Monika is a graduate and is pursuing her Post Graduation while working. She also contributes financially whatever she can at home. She is also preparing for a government job. We at CASP-Delhi would also like to wish her the best in all her future endeavors.

## Jagtap Kadambari Deepak

### Sponsor – Mr. David Thatecher

*Kadambari's case was approved for sponsorship and financial support when she was 9 years old and studying in 5th std., at that time Kadambari's father, Deepak was working as a security guard but he was an alcoholic person. Kadambari's mother worked part time job in a STD booth and used to earn Rs. 700/-. Her younger sister was studying in 3rd std.*

*Now Kadambari is 21 years old. She has completed her Diploma and Degree in Civil Engineering with distinction. Recently she got a job in Construction office as civil engineer.*

*CASP family and Kadambari's family feel proud about her progress. This has happened because of sponsor's supporting hand. Kadambari and her mother are very thankful to CASP & CASP Family.*

*After Getting job she visited CASP Pune Office & promised to give support to one needy child & also conveyed her warm regards to her sponsor & CASP family.*

*CASP -Yardi Ensuring Education Project focuses on children to prevent them from dropping out of the school due to various reasons such as poor economic condition, disinterest in studies, poor in studies etc. and ensure that they complete at least basic education (10th). We have 50 children under this project. And we send these children to the Manes's classes to support their education.*

*Arati Gorakh Pawar is 15 yrs old and lives in Janata Vasahat. She lives with her parents and younger brother. Her mother is housemaid and her father is watchman. Their economic condition is poor. They live in only one room. Arati was average in studies. She had got only 42% (Third Class) in 9th std. So, we sent her to the Mane's classes to support her in her education and counseled her time to time in her studies. Though she was below average student she took efforts and studied sincerely. We are happy to inform you that she got 55% (second class) in SSC examination. She thanked CASP and Mane sir, Project coordinator and Development Promoter for supporting her financially and emotionally throughout the year. Now, Arati has taken admission in Shahu College, Pune in 11th - Agricultural Science side.*

*Sonali Shripati Muley is 15 yrs old and lives in Janata Vasahat. She is single parent child lives with her mother and younger sister and brother. Her mother is housemaid and their economic condition is very poor. They can hardly manage their expenses. She was good in studies but was unable to take education further due to poor financial condition. So, we sent her to the Mane's classes to support her in her education. She had got 59% in 9th std. as we supported her she studied sincerely and took very much effort in studies. And she passed with first class and got 70% in SSC examination. Her mother and Sonali thanked CASP, Mane Sir and Project coordinator and Development Promoter for supporting her financially and motivating her throughout the year. Now, Sonali has taken admission in Sewasadan College, Pune in 11th std. in Commerce side.*

*CASP family wishes All the very Best to both of them for their bright future!!!*

## **Kinosh Xavier**

### **Sponsor : Sir Dorabjee Tata Trust**

*Kinosh Xavier, presently working as Tradesmanmate in Naval Ship Repairing Yard of Naval Base, Kochi was a beneficiary of the sponsorship scheme from Class 5th onwards. His family background comprised of parents and one younger brother. His father was a daily wage labourer in a workshop and was the only earning member of the family. Even in this backdrop Kinosh was so pessimistic about a better future and found hard working. Our Social Worker always provided emotional counseling and support for Kinosh and his family. He was a regular participant in the meetings and camps and his parents were also very co-operative with our programmes. He got the sponsorship support from the sponsor till the completion of his Higher Secondary Education. After that he worked at Rajagiri outreach and joined B.Com degree as correspondence simultaneously. In between he has cleared UPSC examination and got employed as a Conductor in Kerala State Road Transport Corporation. Due to his continuous intense effort, last year he becomes a Central Government Employee and serves as a Tradesmanmate in NSRY, Naval Base, Kochi. Still he is maintaining relationship with Rajagiri outREACH.*

*Kinosh is so happy that he could achieve a life as he wish. He always mentioning thankfully that all his success could be attributed to the timely support received from the sponsor and guidance of outREACH. The financial background of his family also changed a lot. They could build a beautiful house. His father and brother are welders. He and his family are regularly keeping in touch with RAJAGIRI outREACH, even during these days.*

## International Leprosy Union- Health Alliance

Mahatma Gandhi, Jayprakash Narayan, Pandit Din Dayal Upadhyay had told us the concept of Antodaya means the person who is on the last step vulnerable and marginalized should be given priority for development. If they are developed then the development of the society will take place. And then only the country will develop. Sometimes, it takes only a few words spoken in love to bring a person back from the brink. The concept of heredity was deeply rooted, and when leprosy was thought to be inherited, persons with the disease (and their children) were shunned. As deformity was considered divine punishment, stigma was associated with it. Because of associated ideas about heredity and contagion, children and families of persons with leprosy also suffered stigma. Studies found that only about 5% of spouses living with persons with the disease contracted it, making it clear that leprosy was not highly contagious. Leprosy is a disease, which still strikes fear in the societies as a mutilating, disfiguring, contagious and incurable disease. The stigma attached to leprosy leads to loss of employment even before manual labour becomes more difficult due to disability, which often results from late or no treatment. It also leads to exclusion from society, causing physical and emotional distress. Even to this day, when leprosy is completely curable with MDT (multi drug therapy), some parts of India uphold the belief that leprosy is a divine curse, a punishment of the past sins, and a result of immoral sexual behaviour. These beliefs reinforce the image of the „leper’ as being physically and morally unclean, to be blamed for contracting the disease and therefore to be ostracized. The repulsive physical image, the fear of infection and the belief that it is incurable are the root causes of the inhuman treatment that is often meted out to those who have leprosy. At all levels of society, leprosy often makes women more vulnerable, socially and economically, than men. Hence gender equity needs equal focus besides reducing stigma and discrimination. We have never considered Leprosy Affected Person is a part of our society. Leprosy attached to the body will be cured by medicine but what about the leprosy of our narrow mind how are we going to eradicate that. I therefore strongly feel that Leprosy Patient should be treated at home and not in the hospital. Due to which the family is not broken. Leprosy is hundred percent curable this scientific truth is also people are not accepting. This is really painful. Government today feel that the Leprosy has been eradicated but the truth is that every year new cases of leprosy are arising. Fear of leprosy like a darkroom where only negatives are developed. Even Doctors are afraid of treating leprosy patient. Government failed to educate these doctors so far. I don't understand how leprosy is counted in terms of percentage. Person who is affected by leprosy is suffered by cent percent stigma. Percentage is a parameter it is a fiction but not a truth, Truth is his stigma which is painful. ILU-HA organize workshop to empower these vulnerable people and create awareness about leprosy the facts and scientific truth to not only Leprosy Affected Persons but also educate general public.

## The International Longevity Centre-India (ILC-I)

ILC-I is a voluntary organization working for senior citizens as a not-for-profit company since 2003 and has been founded by the late Dr. S. D. Gokhale. ILC-I is registered under Section 25 of the Indian Companies Act, 1956 (currently applicable under Section 8 of the Companies Act, 2013). ILC-I works in the fields of Research, Training, Policy, Advocacy, Documentation and field projects for the cause of population ageing.

The President of ILC is the renowned international scientist, Padma Vibhushan Dr. R. A. Mashelkar. The Vice President is Dr. Arun Nigavekar, former Chairperson, UGC and the Chairman is Mr. Jayant Umranikar, the former Director-General of Police.

The following activities were held in the year 2015-16:

- **Value education:** This was a joint project of ILC-I and CASP that was carried out in ten municipal schools for the underprivileged, covering nearly 1500 children in Pune. In this programme, the senior citizens impart traditional Indian values and morals to these school children, inculcating in them respect for elders and women, helping to forge a bonding between grandparents and grandchildren, and teaching them the habits of cleanliness, hygiene, sanitation, honesty, integrity and ethics on the lines of the traditional Indian systems. The methodology used for this is through folk tales and legends, poems, fables, mythological stories, songs, and through visual media like cartoons. An essay competition is held for these children on the topics that are given to them and are relevant to the cause of the elders and prizes along with certificates signed by the Executive Directors of CASP and ILC-I are given to the winners.
- **The World Elders' Day** was celebrated on the 1st of October 2015 by the International Longevity Centre- India (ILC-I) in the presence of nearly 300 senior citizens at the Tilak Smarak Mandir theatre through the "Jyeshtha Jallos" programme in collaboration with the Indian Human Rights Council, the Lions Club of Krishnanagar, Pune, the Lions Club of Talawade (Pride) and the Om Medical Foundation. Special 'Health Cards' for senior citizens offering free consultation, concessions on pathological tests, dialysis, angiography and angioplasty at comparatively very affordable prices for the elders and their families too were distributed on the occasion. This was followed by a programme of light and energising songs of yesteryears, much enjoyed by the senior citizens who danced with gay abandon.
- As part of the World Elders' Day week, ILC-I organized a half-day workshop for elderly women on "**Orienting Elderly Women to Qualitative Ageing**" on the 7th of October 2015, in Pune.
- A one day workshop on "**CSR and Ageing**" was organized by the International Longevity Centre-India (ILC-I) in collaboration with the Tata Institute of Social Sciences on the 1st of November 2015 at YASHADA, Pune, as part of the research project "Increase Awareness, Access and Quality of Elderly Services" under the aegis of the UNFPA/TISS/Institute for Economic Growth (IEG)/Institute for Social and Economic Change (ISEC) research study.
- **ILC-I applauds those, who bring quality of life to the elderly, with its annual ILC-I Awards**, which include a national award, the Anjani Mashelkar Inclusive Innovation Award, for the best scientific or

technological innovation for helping improve the quality of life of the poor old people; the late Shri B. G. Deshmukh Awards for Excellence in Promoting Qualitative Ageing for a senior citizens organization which does exemplary work; the Lifetime Achievement Awards (the Jeevan Gaurav Puraskar) to a senior citizen over the age of 70 years; and the late Dr. S. D. Gokhale award for “Promoting Qualitative Journalism in Ageing” to a journalist.

The ILC-I Awards were distributed on the 22nd of November 2015 where the Chief Guest on the occasion was Shri Ram Naik, the Hon’ble Governor of UP.
